# CHAMPION SPARK PLUGS

### UNIQUE TERMINAL MATERIAL

Hi tech computer designed terminal material stops electrolytic corrosion in high humidity conditions.

### ENHANCED, STRONGER ZIRCONIC INSULATOR

Super-tough space age ceramics for total heat tolerance and maximum reliability under all riding conditions

### TRIPLE COATED SHELL

Special triple coated shell guarantees easy plug removal, Exclusive Champion plating gives the best corrosion resistance of any brand of plug.

### CHAMPION'S UNIQUE COPPER PLUG COPPER CORE CENTRE ELECTRODES

Widest thermodynamic range and maximum electrode mass for better power and acceleration

### SUPERIOR ANTI-FOULING NO STARTING PROBLEMS

Optimum counter bore clearance for maximum anti-fouling capability and more trouble-free starts

### HEAT RANGE

Reliability proven by exhaustive laboratory and road testing in hundreds of 2-Wheeler engines around the world. Equals or betters original specification. More power, more often.

### GROUND ELECTRODE

Exclusive nickel alloy developed by Champion engineers, guarantees maximum erosion resistance
